ANTWERP VISION EVENT

LEADER  IMPACT

LIVING OUT AN EXCITING CALLING; A Life of Success Is Founded On A Clear & Passionate Calling

LeaderImpact has been inspiring and developing leaders for decades. In cities spanning the globe, we are a community of peers intentional about making a difference in the world by becoming better people and better professionals in all aspects of our lives.

Shan Gastineau was part of the movement that launched LeaderImpact in the US. He has packed four careers into his professional life beginning as a Methodist minister. In his late twenties, he joined a small microcomputer manufacturer as a salesperson and worked his way up to National Sales Director six years later with company sales exceeding \$1 billion in revenue. In his thirties, he left to help start a company specializing in outsourcing services for law firms which grew from nothing to \$100 million in sales in just five years. After a brief retirement in his early forties, Shan joined a commercial real estate firm and learned the art of corporate real estate advisory and brokerage, which he is still doing twenty years later.

Shan's love for Christ has led him to examine how all of this experience translates into Kingdom impact. In engaging with other leaders through LeaderImpact he has found that pathway. As a volunteer partner, Shan has been a part of developing 12 LeaderImpact Groups. Join us as Shan shares why coming on-mission in LeaderImpact has been a great investment of his time and talent and to learn how you can be part of this movement to change lives in the marketplace and around the world.

LeaderImpact Belgium is one of the newest movements within the LeaderImpact Europe Network. We chose Antwerp as host of this Vision Event with hopes to accelerate this movement's impact among leaders in this city and nation!

In addition to Shan's story you will have the opportunity to hear from a panel of European LeaderImpact partners. LeaderImpact celebrates 10 years of engaging leaders in Europe, and invites you to join our thriving network!
