Special Lunch with Stephanie McDonald & Adela Braun

SEWING SEEDS OF HOPE & EMPOWERMENT

Integrating business, life & faith

Global Aid Network (GAIN) and their Paraguayan partner **Diaconía** comes alongside vulnerable communities to bring about lasting whole-person transformation, resulting in vibrant, flourishing, hope-filled communities for generations.

Stephanie McDonald graduated from the University of Calgary with a Bachelor's in Chemical Engineering and worked in the Oil & Gas industry as an Engineering Project manager for several years before joining GAIN in 2015 as the Economic Empowerment Program Manager, helping to alleviate poverty through economic development. She has a passion to work with women, providing opportunities to upskill in their workplace, giving them financial literacy and stability, and ultimately empowering them to lead flourishing lives.

Adela Braun has had a heart for ministry since she was a young girl. She joined Diaconía in 2014 and started the chaplaincy program that currently has over 200 volunteer chaplains serving throughout the communities Diaconía serves. Her current role focuses on engaging and equipping Paraguayans to partner with Diaconía.

Stephanie and Adela will share the powerful ways that women living in poverty and crisis are being empowered to flourish - economically, socially and spiritually - and **how you can help** sow seeds of hope and empowerment!
